2. It was proposed to allow direct correspondence between the Bombay and the Mysore Police also on the basis of an arrangement similar to that entered into between the Baroda & the Bombay Police authorities but the Bombay and the Mysore Police adopted, in preference, the same arrangement as that already existing between the Madras and the Mysore Police (Para 1) Hay C whereby they could correspond directly with Each other

3. Later was Communicated an order of the Govt. whereby direct Correspondence was to be allowed between the Native States Police and the Br. Police throughout India in matters regarding the movements & antecedents of Suspicious or bad characters subject to Hay D condition that the Correspondence should be in English and conducted by officers not inferior in rank to Supdts of Police

Letter from the Bombay, addressed in which they propose that, presumably in lieu of these local arrangements, a more comprehensive arrangement be Entered Ed into, whereby the Mysore Police can Correspond with the British Police throughout India in the matter of obtaining Evidence of previous convictions &c. The wording of the agreement now proposed by the Residency in the letter is as having the approval of the Govt. of India follows that of the original agreement between the Baroda Durbar and the Bombay Govt. This was rejected in favour of the agreement then already subsisting between the Madras & the Mysore Police which latter was simply Extended so as to include the Bombay Police also. Accordingly. So it is now a question if the Residency should be asked to get the scope of the present arrangements now subsisting between the Madras & Bombay Police on the one hand, and the Mysore Police on the other, Extended so as to be applicable to the whole of the Indian and the Mysore Police, or if the wording of the agreement be altered according to that proposed by the Residency in the letter now under reference.

apparently the out come of a reference by the Bombay Govt on the lines of the arrangement embodied in the paper marked A in file no 95 of 08.

There is no objection to our acceding to the proposals contained in the Residency letter under disposal but the query asked in our letter no 529 dated 31st Dec 1906 (to which reference is made in the paper under disposal) remains unanswered. That query raised the question whether the arrangement already entered into by this Govt with the Madras Govt would be superseded by the instructions conveyed in letter no 6892 dated 1st Dec 06. The same A similar question arises now viz whether the arrangement now proposed supersedes our existing arrangements with the Madras and Bombay Govts. If it does, some inconvenience will result as officers below the rank of a Supt of Police will be deprived of the right of corresponding direct in certain routine matters. The restriction that correspondence

~~But as the arrangement proposed by Govt. is a good one with regard to subjects~~

2 Again, certain matters included in the Existing arrangements do not find a place in the list of Subjects given in the Residency Govt. E. g. Communications in regarding lists of property Stolen, Circulation of descriptive rolls etc. These are matters ~~of Everyday occurrence~~ in regarding which it is very desirable that our Police Should Correspond directly with the British Police.

3 It will therefore be to our advantage to accept the arrangement proposed by the Govt only on Condition that our Existing arrangements with the Bombay and the Madras Govts are not thereby affected

movements of criminals & suspicious characters, &c. There are also certain ~~other matters~~ matters (such as the circulation of descriptive rolls, lists of property lost or recovered &c.) to which the proposed arrangement does not extend at all. In the opinion of the Durbar, it is necessary that in the interests of the efficiency of police administration in Mysore as well as in the neighbouring districts of British India, correspondence in these matters should be allowed to be carried on direct;

The Durbar therefore are of opinion

and for this purpose the Durbar suggest the desirability that the adoption of the proposals now under discussion should not affect the ~~arrangements~~ already subsisting between them and the Govts of Madras and Bombay

~~The Durbar recognise~~ that the new arrangement makes provision for direct correspondence in certain matters which are not covered by the existing agreements referred to above. Nevertheless it is desirable that these should not be superseded by the arrangement now under discussion.
